Khalsa Sewa Society Holland (KSSH) is a non-profit organisation. KSSH currently has a project running where children from poor families in India can achieve the education they deserve. This is made possible by generous donations and our dedicated sponsors from various countries. As an organisation, we do not only give you the chance to donate money, but also be part of the student's life. Your involvement, encouragement and motivation, could make a big positive impact on the student's life. If you wish to get involved, kindly contact KSSH to establish your contact with the student.
